

Dear Exhibitors and Visitors,

We sincerely invite you to the **Angling Fair** that will take place on 29 and 31 January 2010 at Międzynarodowe Targi Poznańskie (Poznań International Fair). The first edition of the exhibition that took place in 2008 gathered in Poznań nearly 11 thousand people interested in this beautiful hobby and also many media representatives. During these days also the AQUAZOO Fishkeeping Exhibition will take place.

The fair is an excellent opportunity to present angling novelties – fishing rods, fishing reels, angling accessories and bait but also tourist and boat equipment that is necessary for fishing trips. We invite the manufacturers and distributors to present their new products and the centers for angling tourism to promote their offers.

**The Angling Fair** is mostly a gathering of passionate people. The ones with many years of experience and enormous knowledge but also the ones that are just beginning this fantastic adventure. We invite you to present your offer and share your experience through presentations, shows and lectures concerning equipment, methods of fishing and practical preparation for fishing. For the exhibitors who would like to present fully equipped fishing stands we have prepared a special offer- all interested please contact us individually.

Angling is an interesting way of spending leisure time and the Angling Fair in Poznań was always very popular and famous for its great atmosphere. We are sure that the upcoming edition will allow for gathering of fishermen from all over Poland and meeting interesting and famous people and that many visitors will find passion for the rest of their lives.

We provide modern exhibition infrastructure and professional preparation for the fair. Please find the application forms in the attachment. The terms and conditions of participation can be found at [www.targiwedkarstwa.pl](http://www.targiwedkarstwa.pl)

**The deadline for submitting applications is 16th November 2009.**

Should you have any questions please contact us.

We sincerely invite you to Poznań!
